

Offset Press Operator

Meridian is adding a full-time person to our growing Production Team-as a Press Operator, you'll be able to show off your impeccable quality standards and attention to detail in a new, modern, state of the art production facility. If you are looking for a supportive, fun and rewarding culture that fosters both innovation and engagement-this role is definitely for you! This position is responsible for all aspects of operating the latest, most advanced, offset printing equipment to production and quality standards.

This role is a full-time, in-person position with ability to commute/relocate to our office in Loves Park, IL 61111. Benefits include Health, Dental, Vision and Life Insurance and 401k package. Starting at \$25/hour.

REQUIRED CORE COMPETENCIES

- Minimum 2 years experience as an Offset Print Operator
- A thorough knowledge of equipment set up, adjustment, operating procedures, and a corresponding level of skill pertaining to UV LED Ink print process (preferable)
- Able to set up, operate, and adjust the equipment, and in addition, diagnose, solve, and correct operating problems affecting the quality and timeliness of the service or product.
- Ability to lift 10-15 pounds continuously, ability to lift to 70 pounds occasionally, stand long hours (8-10 hour shift)

WHAT YOU WILL DO

- Operate offset printing equipment
- Review job instructions to prepare jobs for printing and maintain daily print job production logs and data collection
- Setup, program, and release jobs from print queue
- Maintain inventory levels of supplies such as ink, chemical solutions, blankets and rollers, paper, and other items as needed
- Corrective adjustments performed require the operator to consider the symptom(s), possible causes and remedies.
- Perform daily maintenance, on schedule according to procedure to promote machine stability and dependability

- Perform adjustments accurately, efficiently, and according to procedure—minimizing unexpected downtime and service calls
- Monitoring the printing process to maintain print quality and optimize productivity and minimize waste
- Assure jobs are properly set up for quality/productivity
- Keep current on best operator practices

WHAT WE LOOK FOR

- Analytical approach to problem solving
- Ability to conduct tests and inspections to evaluate quality and performance
- Excellent visual discrimination and grasp of color theory - has an eye for color and print quality
- Able to thoroughly follow instructions
